Officers:

President: Michelle Koch

Vice President: Courtney Oviatt

Secretary: Angela Allenbrand

Site Council Goals:

- Monitor School Improvement progress toward targeted goals with respect to No Child Left Behind legislation and AYP standards.
- Maintain communications between Central Elementary Site Council and USD 320 parents
- Increase awareness and understanding of programs in place at Central Elementary with respect to

curriculum and instructional strategies used in the classrooms

- Collect and create a Literacy Book Collection

Site Council Goal #1:

The Central Elementary Site Council will monitor school improvement progress toward targeted goals with respect to No Child Left Behind regulations and AYP standards.

This goal specifically addresses the following school improvement goals:

- Student will improve reading and comprehension
- Student will improve writing skills
- Students will improve math and problem solving skills

Activities to be completed to accomplish this goal:

The principal, curriculum director, and teachers will update the Site Council on a variety of assessments:

- Common Core State Standards
- Annual Yearly Progress/ Easy CBM Screener
- Local Reading Assessment (DRA)

The Site Council will discuss and review Central Elementary school improvement plan and will be given opportunities to learn how the goals of the building are implemented and achieved.

Site Council Goal #2:

The Central Elementary Site Council will maintain communications between Central Elementary parents, USD 320 Board of Education, and USD 320 patrons.

This goal specifically addresses the following school improvement goals:

Target Goal 1

Target Goal 2

Activities to be completed to accomplish this goal:

All Site Council agendas will be sent to Central Elementary parents and Central Elementary Site Council members.

Site Council minutes will be posted on the USD 320 website each month.

Site Council members will attend monthly USD 320 school board meetings and report back to Site Council at the next monthly meeting.

Site Council Goal #3:

The Central Elementary Site Council will increase awareness and understanding of programs in place at Central Elementary with respect to curriculum and instructional strategies used in the classrooms.

This goal specifically addresses the following school improvement goals:

Target Goal 1

Target Goal 2

Target Goal 3

Activities to be completed to accomplish this goal:

Each month, teachers from different grade levels will present a brief informational presentation explaining activities and programs currently used within their curriculum and classroom.

The principal and teachers will update the members of the site council with changes and highlights from Central Elementary curriculum work, behavior initiatives, and reading interventions:

- K-5 Writing Plan
- Reading Mastery Signature Intervention Program
- Language for Learning Intervention Program
- Bully Prevention Program

Site Council Goal #4:

The Central Elementary Site Council will work with West Elementary creating a Literacy Book Collection.

This goal specifically addresses the following school improvement goals:

Target Goal 1

Activities to be completed to accomplish this goal:

Central Elementary Site Council will collect gently used books to share with families who need additional children's books in their home.
