

Preventive Services covered under the Affordable Care Act

One goal of the Patient Protection and Affordable Care Act (PPACA) is to encourage more Americans to seek those preventive services which can lead to early detection and treatment of a variety of chronic diseases and other costly medical conditions. The items listed below are services that some consumers can receive without any cost-sharing, meaning they will not pay deductibles, copays or coinsurance for the preventive services outlined. Preventive services must be provided by an eligible contracting provider as outlined in the member benefit description. **Preventive services are subject to change.**

Preventive Services for Adults

- **Abdominal Aortic Aneurysm** screening for men of specified ages who have ever smoked
- **Alcohol Misuse** screening and counseling
- **Blood Pressure** screening for all adults (performed by an eligible provider)
- **Cholesterol** screening for adults of certain ages or at higher risk
- **Colorectal Cancer** screening for adults over 50
- **Depression** screening for adults
- **Type 2 Diabetes** screening for adults with high blood pressure
- **Diet** counseling for adults at higher risk for chronic disease
- **HIV** screening for all adults at higher risk
- **Immunization** vaccines for adults — doses, recommended ages, and recommended populations vary
- **Obesity** screening and counseling for all adults
- **Sexually Transmitted Infection (STI)** prevention counseling for adults at higher risk
- **Syphilis** screening for all adults at higher risk

Preventive Services for Women – Including Pregnant Women

- **Anemia** screening on a routine basis for pregnant women
- **Bacteriuria** urinary tract or other infection screening for pregnant women
- **BRCA** counseling about genetic testing for women at higher risk
- **Breast Cancer Mammography** screenings every 1 to 2 years for women over 40
- **Breast Cancer Chemoprevention** counseling for women at higher risk
- **Breast Feeding** interventions to support and promote breast feeding
- **Cervical Cancer** screening for sexually active women
- **Chlamydia Infection** screening for younger women and other women at higher risk
- **Gonorrhea** screening for all women at higher risk
- **Hepatitis B** screening for pregnant women at their first prenatal visit
- **Osteoporosis** screening for women over age 60 depending on risk factors
- **Rh Incompatibility** screening for all pregnant women and follow-up testing for women at higher risk
- **Syphilis** screening for all pregnant women or other women at increased risk

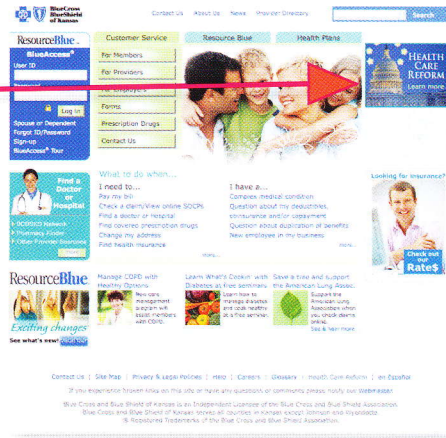

Preventive Services for Children

- **Alcohol and Drug Use** assessments for adolescents
- **Autism** screening for children at 18 and 24 months
- **Behavioral** assessments for children of all ages
- **Cervical Dysplasia** screening for sexually active females
- **Congenital Hypothyroidism** screening for newborns
